SANSOX SIGNED AN CO-OPERATION AGREEMENT FOR CHILEAN MARKET

Chile is a big fish farming market and SansOx wants to be present in this growing aquaculture market. In conquering the market the first steps were taken as SansOx made an agreement with ElectricWorks Ltda, who are situated in Pierto MOnTT and Aquaculture Works Ltda, who will act as a seller in Chile and later on possibly in a broader geographical area.

The target is to create feasible business for all parties by marketing, selling and servicing SansOx technologies in aquaculture in Chile by bringing SansOx's new technologies available to Chile and further develop for Chilean market.
